

Deposit Agreement for A Puppy That Has Been Priced and is Under the Age of 8 Weeks.

M or F Name: _____ DOB: _____ Color: _____

Sire: _____ Dam: _____ Registration# _____

Deposits are 50% of the total price for a Puppy priced under \$2,000. For a Puppy priced over \$2,000 the deposit is a flat rate of \$1,000 unless your pup will need boarding.

Be Aware: All Deposits are non-refundable. This is a commitment you are making, think it thru before you make your deposit. No Personal checks accepted, only Credit Card.

Brookwood Collies will take care of your puppy to the best of their ability until you are able to take he or she to a happy homecoming. Your puppy will be in full health when you pick it up, be up to date on all shots and dewormer, and have an up to date health certificate. **If you live outside the state of PA, you will be charged an extra \$30 when you make your deposit for the USDA Health Certificate needed to cross the state line.**

In the unfortunate event of unexpected injury or death while in the care of and on the premises of Brookwood Collies, Brookwood Collies will assume full responsibility. Under these circumstances only will Brookwood Collies allow you to transfer your deposit to another puppy of equal value, or refund the deposit. When you sign the Guarantee of Complete Health just before you take your new baby home, you are agreeing that your puppy is in good health and physical shape. After that, YOU will be fully responsible for its physical condition.

If you will not be able to pick up your pup before he or she is 9 weeks old, we will ask a **50% deposit regardless of the puppy's price.** We will also begin to charge \$15 of board per day, due in advance of each 2 week period to cover for the increasing amount of food, shots, and training you pup will be needing.

We encourage you to buy your first bag of puppy food from us to ease the puppy's transition from our home to yours. We feed Plantation Premium Dog Food and are the only local distributor for you to buy from. We are totally convinced of its quality! It is dense, therefore, the pup does not eat so much or poop so much! Also, the poop is solid and easy to clean up. The price for Plantation is \$40 for 30 lbs or \$50 for 50 lbs.

New Owner's Name: _____

Do you feel financially able to handle not only the cost of raising this puppy, but the time you'll need to spend socializing the pup and the additional expenses of food, vet check-ups, and shots? YES _____ NO _____

Do you have interest in breeding your pup? If yes, we need to know so we can advise you! YES _____ NO _____
